

CAPTAIN POWER CHORDS

HISTORY & ROCK 'N' ROLL BOARD GAME

After you start from your Roots, you have to roll the exact number to get into the 'Discovered' (or equivalent) box. If you roll over, you must reverse the remainder (ie; you need a 2, you roll 5 - you must go forward 2 then back 3) until you hit lucky! If you get that elusive first Hit, you can start the game proper. Keep a record of all Hits gained. If you die at any point, you must start again - losing all Hits and rolling new Roots. If you drift into Obscurity you must keep going round the Obscurity section (rolling die), until you land in the Surprise Hit box, when you may re-join the game. The game ends when one player reaches the Hall of Fame (don't need to get exact number to get in). The winner is the player with the most Hits.

- YOU'LL NEED:**
- A 6 sided die
 - A coin
 - Player counters
- You may wish to enlarge the playing area to A3, which is 140%.
